# EDUCATION

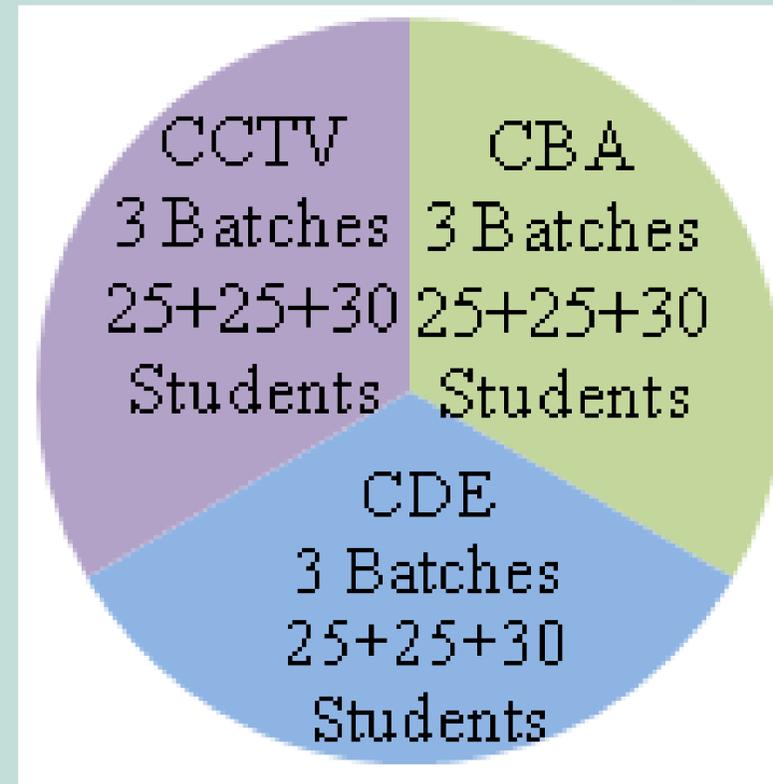

As most educational institutions remain closed due to the lockdown imposed to contain the Covid-19 pandemic, Sahayata Trust's schools colleges as well as the Skill Development Centers (SDCs) located in Kurnool and Nandyal took the lead and started conducting classes online. The SDC courses are run in association with PMKVY government schemes and NSDC. Our faculty members are working from home during the lockdown to mentor and guide their students.

## Students enrolled in 2019

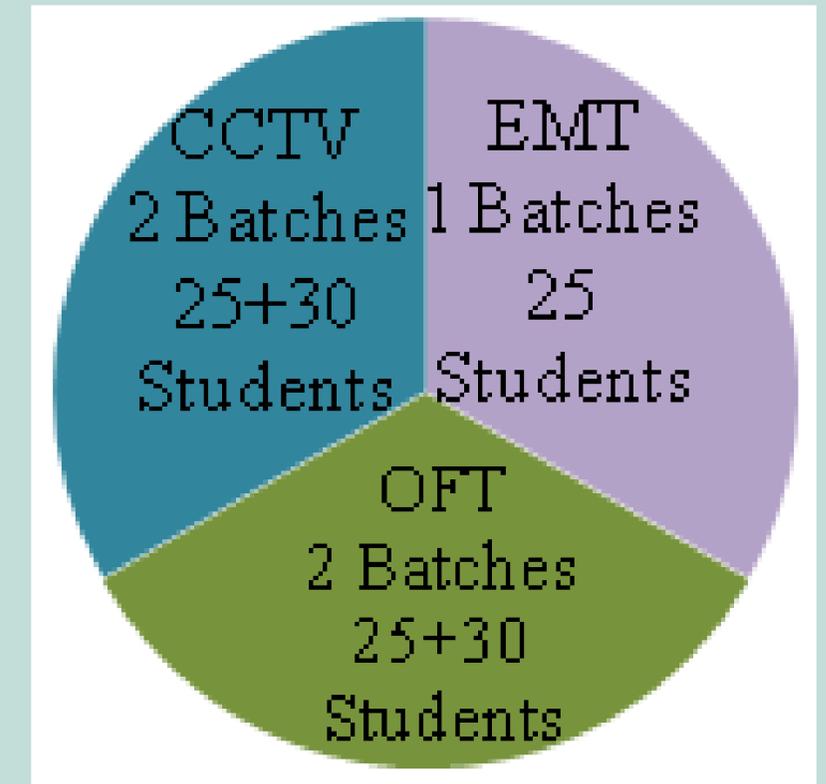

- Scholarships
- Indo-US Schools
- Challenger Schools
- Challenger Degree College
- Indo-US Health Education Academy

### SDC KURNOOL

Currently, the 11-day First Aid Technician online course (theory + practical) is underway, in which 10 students have been enrolled. All these courses are certified.

### SDC NANDYAL

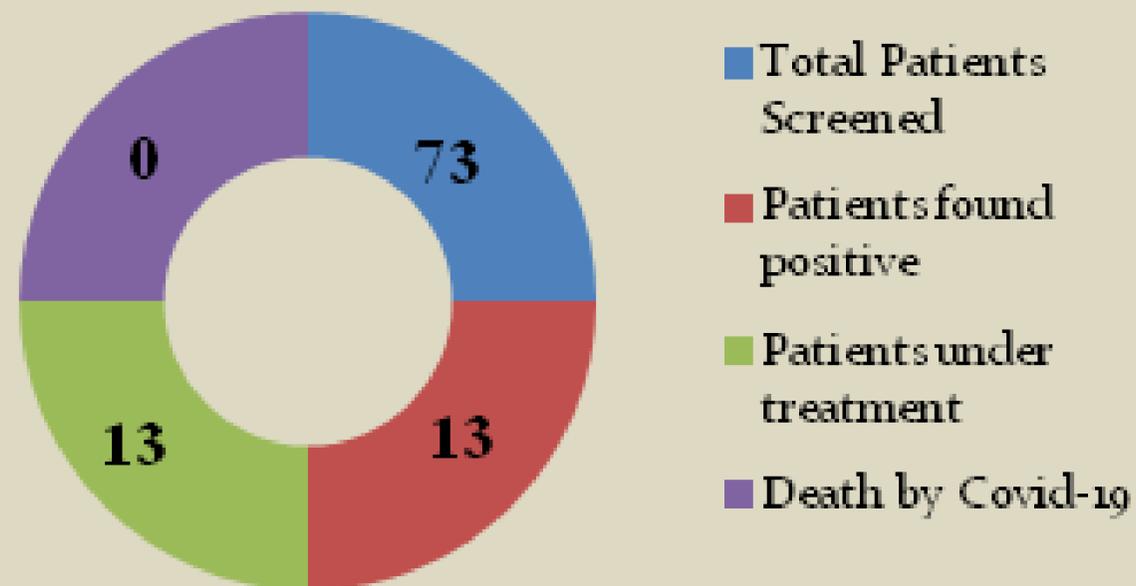

The training for these courses are provided free by Sahayata Trust SDC. As many as 375 students have been trained till date.

# HEALTHCARE

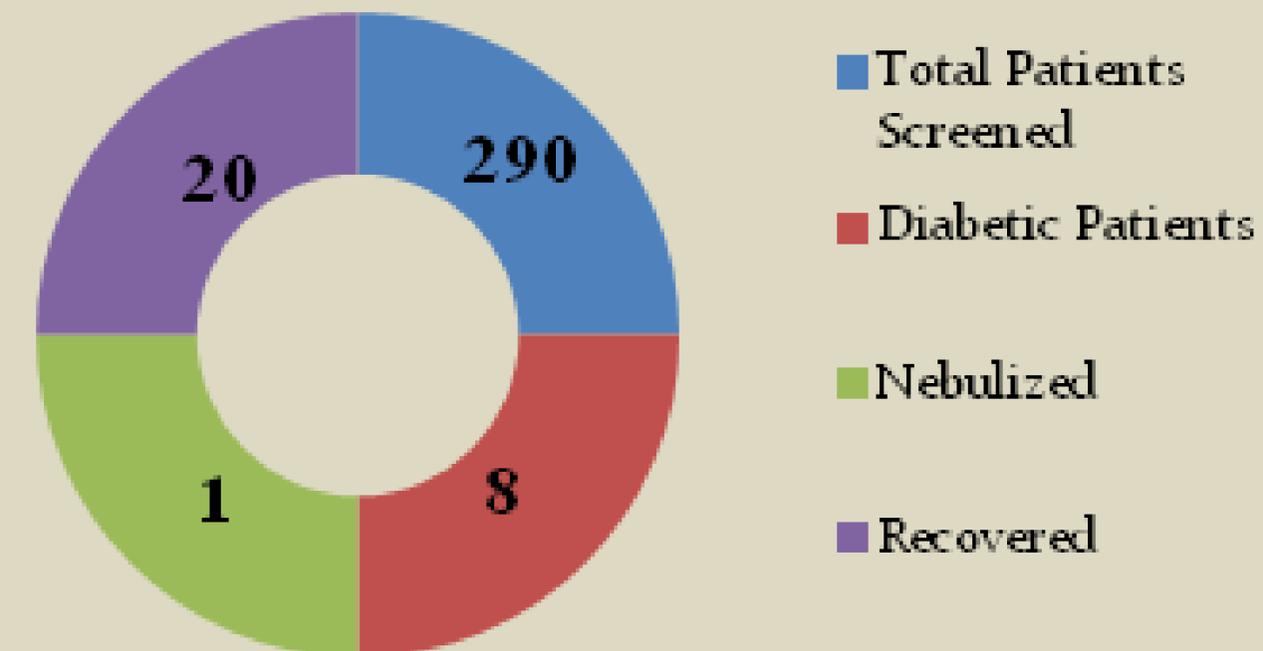

The importance of healthcare has increased since the outbreak of Covid-19 pandemic. Our healthcare facilities have been working ardently to provide quality care. Indo-US hospital is conducting Covid-19 tests and providing treatments. We also provided free PPE kits and medicines to those in need. In Indo-US clinic, about 290 patients were treated this month.

- Provides financial assistance to deserving candidates to set up business

# EMERGENCY RELIEF SERVICE

As the world was reeling under the Covid-19 pandemic and lockdown in May 2020, Amphan cyclone caused a flurry in Eastern India, resulting in immense damage in West Bengal and Bangladesh. Our emergency relief team immediately reached the ground after taking all requisite permission from the authorities and assessed the situation. Many mud houses were destroyed and roofs were blown away by strong winds. Many people who could not afford to reconstruct their homes were forced to live in the roofless homes. Our team provided food to the needy and built houses for those affected. The target is to build 200 houses and repair 60 roofs, which is still under progress.
